

SHAMSHAD AHAMMAD

Riyadh | 0544837957 | +91 7559919530 (WhatsApp) | shamshad259@gmail.com

OBJECTIVE

Versatile MCA graduate with a strong foundation in statistics, hands-on experience in full-stack development, data analysis, and business insights, complemented by proven leadership in event and team management. Skilled in turning raw data into actionable insights, coordinating cross-functional teams, managing leads, and delivering timely reports. Proficient in modern frontend and backend technologies, statistical tools (SPSS, SAS, Excel), and AI-assisted workflows to improve efficiency, decision-making, and project outcomes. Seeking opportunities where technical expertise and organizational skills can drive innovation and measurable impact.

EXPERIENCE

Associate Software Engineer

Acodez IT Solutions, Calicut, Kerala, India

Aug 2024 – May 2025

- Worked on backend development using Golang, PostgreSQL, and GraphQL.
- Set up and maintained projects using NX Monorepo for efficient code management.
- Utilized Elysia.js and Drizzle ORM for building robust APIs.
- Explored CMS platforms like Shopify to understand basic integration principles.

Event Manager (Remote)

Asheghar Digimentors, Doha, Qatar

Aug 2020 – Oct 2022

- Managed a team, assigned tasks, and scheduled internal/external meetings.
 - Contacted and qualified leads, distributed them among team members, and ensured timely follow-up.
 - Monitored lead progress, maintained accurate status updates, and prepared detailed performance reports.
 - Created and maintained detailed reports using Excel and Google Sheets, performing analysis to identify trends and areas for improvement.
 - Supported digital marketing activities to promote events and enhance brand visibility.
-

Calicut University, Kozhikode, India

Apr 2021

69%

DCA (Diploma in Computer Application)

Kerala State Rutronix, Kerala, India

Feb 2018

First Class

12th

HSE, Kozhikode, India

Mar 2017

83%

SKILLS

- Programming Languages: JavaScript, Node.js, Python, C, Golang, Java, .Net(Basic)
- Web Development: HTML, CSS, Bootstrap, JavaScript, Tailwind CSS, React
- Backend & Databases: PostgreSQL, MongoDB, GraphQL, Drizzle ORM
- Framework & Tools: React, NX Monorepo, Elysia.js, Hardhat, AWS, Shopify (Basics)
- Data & Analytics Tools: SPSS, SAS (Base), Microsoft Excel, SQL, Tableau, Power BI
- Statistical Methods: ANOVA, Chi-Square Test, p-value interpretation, Hypothesis Testing
- Soft Skills: Strong problem-solving, analytical thinking, self-motivated learning, teamwork, communication
- Microsoft 365 Tools: Exchange Online, Teams, Compliance Center
- Other: Proficient in Microsoft Office Suite

CERTIFICATIONS

Microsoft 365 Administrator

Logic Institute of Technology, Calicut — June 2025

PROJECTS

Blockchain-Based Land Revenue Management System (Hackathon Winner)

- Built a prototype for a blockchain-based land revenue management system using Hardhat, Node.js, and React.
- Implemented smart contracts for secure transactions and data integrity.
- Led the backend development and deployment process.

E-commerce Website for Perfumes

- Developed an e-commerce website in MVC architecture using Node.js and MongoDB as the database.
- Hosted the website on AWS.

Statistical Analysis on People's Opinion on Football (Academic Project)

- Created questionnaire and collected data from different people on their opinion on football.
- Applied statistical methods like Chi-Square Test, ANOVA and p-value testing using SPSS.
- Created visual insights using bar charts and pie diagrams to highlight key patterns.

Diabetes Health Analytics Using SAS

- Cleaned and analyzed real-world health data using SAS (Pima Indians Diabetes Dataset).
- Performed statistical tests (T-Test, Correlation, Logistic Regression) and created visual insights using SGPLOT.
- Generated a professional PDF report using ODS, identifying key predictors of diabetes from medical attributes.

LANGUAGES

- English: Proficient
- Hindi: Intermediate
- Arabic: Basic
- Malayalam: Native
