Experience

August 2025- To Feb 2026

OSC (Opration Support Company) RIYADH

Architect/Designer

I worked with the OSC as an Architect/Designer. My responsibilities were as follows:

- Creating Site plans, floor plans, elevations, and sections
- Designing interior spaces, including layout and finishes
- 3D realistic designing
- Shop drawings and as-built drawings
- Also, a site visit to confirm that construction is going 100% as per drawings

November 2017- To November 2024

Pakistan Civil Armed Forces (HQFC SOUTH)

Draftsman

I worked with the Head Quarter Frontier Corps South (Pakistan Civil Armed Security Force) as a draftsman. My responsibilities were as follows:

- Creating Site plans, floor plans, elevations, and sections
- Detailing structural elements like slab, columns, beams, and foundations
- Designing interior spaces, including layout and finishes
- 3D realistic designing
- Shop drawings and as-built drawings
- Coordinating with architects, engineers, and contractors
- Designing road alignments, intersections, and interchanges
- Creating road profiles, cross-sections, and detailed drawings.
- Also, a site visit to confirm that construction is going 100% as per drawings

2016 - 2017

ZKB (Zahir Khan & Brothers Construction Company)

Draftsman

With this construction company, I was a draftsman for a dam project called Mangi Dam Ziarat Quetta. My responsibilities was:

- Preparing and modifying Dam design and drawings
- Coordinating with architects, engineers, and contractors
- Designing road alignments and intersections
- Creating road profiles, cross-sections, and detailed drawings.
- Quantifying earth cutfill
- Also site visit to confirm that construction is going 100% as per drawings

2015 - 2016

GRC (Gholam Rasool & Sons Construction Company)

Draftsman

With this construction company, I was a draftsman for a project called the Kachhi Canal. My responsibilities was:

- Preparing and modifying canal design and drawings
- Coordinating with architects, engineers, and contractors
- Quantifying earth cutfill

2009 - 2015

Self-Employed

Computer Tutor

In this time period, I was a tutor for graphic designing & drafting. I taught software like AutoCAD 2D and 3D, Sketchup, Photoshop, and MS Office (Excel, Word, and PowerPoint) in multiple institutes, as well as in my personal institute.
