PROFILE

Strategic and performance driven Supply Chain Leader with 13+ years of experience in procurement, logistics, distribution, and vendor management across both commercial and non-profit sectors. Known for driving efficiency, reducing supply chain costs by up to 20%, and improving delivery performance. Proficient in ERP and SAP systems, with a strong record of leading cross-functional teams and streamlining operations in dynamic, resource-limited environments.

WORK EXPERIENCE

Pak Madina Enterprises

06/2017 – PRESENT

Business Owner

- Directed wholesale and retail operations of sanitary items, adhesives, cement, and related products.
- Achieved 30% reduction in excess inventory and improved operational efficiency by 20%.
- Negotiated supplier contracts, securing 15% cost savings, leading to Rs. 1,000,000 profit growth by 2023.
- Oversaw procurement, distribution, vendor relationships, and customer service across retail and government projects.

SACHET Pakistan (NGO)

01/2013 – 04/2017

Logistics & Operations Manager

- Managed procurement and distribution of medicines across healthcare units in Islamabad and Rawalpindi.
- Reduced transportation costs by 30% and improved delivery timelines by 20%.
- Conducted youth leadership and education trainings under the British Council's Active Citizen Program.
- Oversaw HR functions, daily operations, and staff management to ensure program delivery efficiency.

Master Limestone & Gypsum

01/2011 – 12/2012

Logistics & Operations Manager

- Led procurement, logistics, and fleet operations for raw material supply and product delivery.
- Introduced cost-effective quarrying practices, resulting in significant labour cost reductions and a profit increase of Rs. 500,000 annually.
- Implemented a Motivator Bonus Incentive Program, enhancing sales and productivity.

HOBBIES & INTERETS

- Community volunteering and local development initiatives
- Exploring logistics innovations and emerging supply chain technologies
- Reading non-fiction, especially on business, strategy, and leadership
- Mentoring youth in career and skill development
- Traveling to learn how systems operate in different regions
- Hands on problem solving through DIY projects
- Staying updated on global economic and trade trends
