## ABOUT ME

As an Innovative Architect and Interior Designer with 12 years of experience in both residential and commercial projects, I bring a strong proficiency in architectural engineering that ensures high customer satisfaction. My expertise encompasses planning, designing, drafting, and producing both conceptual and production-level designs, complemented by both 2D and realistic 3D renderings. I excel in client interactions, ensuring that design visions are seamlessly met. I am eager to join your dynamic team and leverage my skills to contribute to your success.
