

EBRAHIM ATOOM

ARCHITECT

I am a dedicated, hardworking and productive architect with a background in both exterior and interior design by working for more than three years in the architectural job market. I am capable to make 2d shop drawings by Autocad and 3d modeling using Revit and 3ds Max also making out 3d shots using various rendering programs both interior and exterior. I am looking forward to take advantage of my technical and practical skills in a challenging work environment and to become a valuable asset for the organization in which I work for.
