## PROFILE

I'm an interior designer with a background in visual arts, driven by a passion for creating emotionally resonant spaces. I specialize in merging spatial design with brand identity, offering clients thoughtful, refined environments that reflect both function and personality. My experience spans concept development, visualization, technical execution, and on-site supervision.

## PROFESSIONAL OBJECTIVES

To join a multidisciplinary design studio where I can contribute my interior design expertise and collaborate with branding teams to deliver fully integrated spatial identities.

## SKILLS

- **Conceptual Thinking & Creative Direction** Translating ideas and brand values into spatial design narratives.
- **3D Visualization & Moodboard Presentation** Creating high-impact visuals that clearly communicate design intent.
- **Spatial Planning & Technical Drafting** Developing functional layouts with precise technical drawings.
- **Brand Integration in Interiors** Designing spaces that reflect and reinforce brand identity.
- **Client Communication & Design Advisory** Guiding clients with clarity and professionalism throughout the design process.
- **Project Coordination & Site Supervision** Managing timelines, vendors, and on-site execution to ensure alignment with vision.
- **Cross-Disciplinary Collaboration** Working with creative teams to produce cohesive, multi-layered projects.
- **Efficient Workflow & Multitasking** Balancing multiple projects with strong organisation and time management.

## WORK EXPERIENCE

### **Bahrain Aluminium & Kitchens**

INTERIOR DESIGN & SALES SPECIALIST

- Advised clients on optimal kitchen layouts, cabinetry selections, and material choices.
- Produced detailed 3D renderings to enhance visualization and elevate the customer experience.

### **Misaha Interior Design & Construction**

INTERIOR DESIGNER

- Collaborated with clients to assess design needs and develop tailored solutions.
- Created high-quality visualisation boards and 3D renderings for interior and exterior spaces.
- Produced precise technical drawings, incorporating furniture layouts, lighting plans, and spatial configurations.

### **Denovate Interior Design**

INTERIOR DESIGN

- Developed comprehensive material and furniture schedules to streamline project execution.
- Created 3D visualisations and technical drawings to communicate design concepts effectively.
- Designed visual presentations to support client approvals and project development.

### **VOID DESIGN**

DESIGN AGENCY

- Collaborated with the branding team to translate visual identity into spatial design concepts.
- Created moodboards, 3D visualizations, and detailed technical drawings for retail and lifestyle spaces.
- Ensured design alignment with brand narrative, material selections, and overall user experience.

### **La Paz Designs**

FREELANCE DESIGNER & CONTENT CREATOR

- Developed digital content and managed social media initiatives for design-focused branding.
- Created design concepts from scratch, guiding clients through the entire design process.
- Conducted market research and collaborated with suppliers to execute creative projects.
- Produced 3D visualizations to aid in design conceptualization and client presentations.
- Conducted site visits to assess progress and ensure design accuracy.
- Oversaw project execution and supervised construction sites to ensure quality and adherence to design specifications.
