2022

Work Experience

architect engineer

June 2023 - Until
now

Icon creativity - riyadh

An office specialized in all finishing works.

I make all the necessary plans to complete the design process accurately, then we produce these plans to be the ones we work on in the implementation process. I ensure the accuracy of all finishing works such as :

- floor tiles.
- paints.
- gypsum.
- plumbing and electrical extensions.
- facade stone works.
- ducts.
- Water insulation.
- Wood cladding.

LANGUAGE

English: good

Arabic: native
