SKILLS

- Ability to develop original design concepts that balance functionality, aesthetics, and client needs.
- Clear and persuasive in presenting ideas to clients, contractors, and teams — both visually and verbally.
- Working smoothly with architects, engineers, suppliers, and design teams to deliver cohesive projects.
- Prioritizing tasks, meeting deadlines, and handling multiple projects simultaneously.

ABOUT ME

Creative Interior Design with a strong background in project management, F&B FFE design space planning, and computer-aided design, seeking to take next career step with a respected design firm focused on creating world-class hospitality residential, commercial projects and living spaces. Proven success in leading multifunctional teams to achieve project goals and achieving a high degree of client satisfaction.

WORK EXPERIENCE

SENIOR INTERIOR DESIGNER-F&B FF&E Design

SAKURA FACTORY, SAUDI ARABIA, HAIL

SEP 2023 -PRESENT

- Lead concept development from mood boards to fully resolved design directions.
- Develop detailed layouts including zoning, customer flow, FOH areas, and cohesive design palettes tailored to F&B operations.
- Produce complete FF&E packages, material specs, and BOQs.
- Coordinate with vendors, contractors and kitchen consultants.
- Review shop drawings and materials submittals with value-engineering input.
- Oversee site progress, ensuring design compliance, quality control, and timely execution.
