Recent Physics and Renewable Energy graduate with strong interests in solar energy, data analysis, and electrical design. Passionate about clean energy, quality management, and safety, aiming to contribute to sustainable and high-standard technical environments.

EDUCATION

Aug 2019-jun2024 **Bachelor's degree in Physics and Renewable Energy.**
Imam Abdulrahman bin Faisal University GPA:3.81 out of 5.

EXPERIENCE

Jun 2023-Aug 2023 **Saudi Water academy in SWCC**
Summer Internship Trainee

- Designed PV systems using PVSyst
- Analyzed solar data for sizing and efficiency
- Prepared technical reports on system performance

LICENSE AND CERTIFICATION

- Solar PV Design for residential and C&I sectors. (Solarbic Company,2021)
- Solar Photovoltaic Design, Research and implementation project. (2023)
- Occupational safety and health administration diploma (OSHA). (2023)
- ISO45001, NEBOSH, ISO9001 (2025)

SKILLS

- PVSyst, iCircuit, LTspice
 - Microsoft Office (Word, Excel, PowerPoint)
 - Strong Communication Skills
 - Time Management
-

LANGUAGES

- Arabic
- English
