Professional Summary

Mechanical Engineer with 2+ years of MEP engineering experience and recent expertise in logistics and operations management. Holder of a PG Certificate in Mechanical Engineering (UK) and B.Tech in Mechanical Engineering. Skilled in project supervision, HVAC and fire protection systems, and supply chain operations. Experienced in site supervision, commissioning, and ensuring compliance with international and GCC engineering standards. Open to relocation and ready to contribute immediately to GCC-based projects.

Professional Experience

Logistics and Operational Controller

AA Xpress, UK | Dec 2024 – Present

Managed end-to-end logistics and supply chain operations, ensuring timely deliveries and process efficiency.

Optimized operational workflows to reduce delays and improve service reliability.

Coordinated with vendors and internal teams to maintain compliance with quality and safety standards.

MEP Engineer

Five Star Engineering and MEP Services, Hyderabad, India | Dec 2020 – Nov 2022

Supervised on-site installation and quality control of HVAC and fire protection systems.

Participated in the Rajiv Gandhi International Airport (RGIA) expansion project, ensuring compliance with international codes and client specifications.

Prepared technical reports, site progress documentation, and coordinated with contractors for timely project completion.

Ensured compliance with safety regulations and international MEP standards.

Education

PG Certificate in Mechanical Engineering

Glasgow Caledonian University, Scotland, UK | 2023 – 2024

B.Tech in Mechanical Engineering

JNTUH, Hyderabad, India | 2017 – 2020

Diploma in Mechanical Engineering

State Board of Technical Education and Training, India | 2014 – 2017

Professional Qualifications

- Diploma in Fire Protection Systems
 - Diploma in HVAC
 - Full UK Driving Licence
-

Skills

- **Technical Skills:** HVAC systems, fire protection systems, MEP project supervision, site commissioning, quality control, supply chain and logistics management
 - **Software:** AutoCAD, Revit MEP, MS Office, ERP systems
 - **Soft Skills:** Project coordination, team leadership, problem-solving, adaptability
 - **GCC Relevance:** Knowledge of international and GCC building codes, standards, and project documentation practices
-

Achievements

- Designed and fabricated an Electric Go-Kart; awarded for design and aesthetics at National Electric Kart Championship (NEKC 2.0)
-

Languages

- English – Professional Proficiency
 - Hindi – Native
 - Urdu – Professional Proficiency
