Interior Architect | Product Manager | Project Coordinator

Professional Summary

Interior Architect and Product Manager with 9 years of cross-sector experience in residential, hospitality, and PropTech environments. Proven ability to coordinate complex design projects, drive product development, and integrate technical tools that enhance architectural workflows. Trusted by clients for delivering thoughtful, code-compliant solutions and aligning multidisciplinary teams for high-impact outcomes.

Professional Experience

Project & Client Coordinator – MRBD Design Company

Part Time | Riyadh, Saudi Arabia | April 2024 – June 2025

Supported the execution of high-end residential projects through documentation, coordination, and client follow-up.

Acted as a strategic interface between clients and the design team, ensuring progress, clarity, and satisfaction.

Helped the company build and maintain strong client relationships in Riyadh and Madinah.

Product Manager – Tmra (PropTech Platform)

Part Time | Riyadh, Saudi Arabia | August 2021 – April 2025

Led the development of a PropTech platform that enables real estate developers and engineering offices to collaborate effectively on architectural design files (DWG, BIM).

Defined key user journeys, product roadmap, and MVP priorities aligned with market needs.

Coordinated with backend, UI/UX, and business teams to ensure smooth execution and feature delivery.

Planned for advanced AI features (GANs) to auto-generate Saudi Building Code-compliant architectural outputs.

Platform supported by CODE Business Center and Thakaa AI Center.

Sales & Technical Support Officer – Altaj Alola Company

Full Time | Jazan, Saudi Arabia | December 2015 – January 2025

Progressed through multiple departments including Sales, HR, and Technical Quality Control over a 9-year period.

Built and managed B2B client relationships and supported sales teams in technical product positioning.

Facilitated recruitment and internal coordination during HR rotation, ensuring smooth documentation and compliance.

Reviewed technical materials and verified their alignment with Saudi Building Code requirements.

Participated in ISO 9001 Quality Management implementation and supported site audit by MODON.

Acted as an internal liaison between production, quality, and sales teams to maintain workflow integrity.

Interior Design Intern – Albawardi Engineering Consultants

Full Time | Riyadh, Saudi Arabia | June – September 2019

Supported the interior design team in space planning and material selection.

Participated in client presentations and learned execution detailing under senior architects.

Gained hands-on experience within a professional consultancy environment.

Freelance Interior Architect

Part Time | Saudi Arabia | December 2017 – March 2024 |

Grand Hotel Jazan (2017): Designed hotel lobby and managed FF&E coordination as a student intern.

20-Villa Compound (2020–2021): Delivered full spatial plans and model unit design that contributed to project sell-out within 8 months.

Abha Hotel Proposals (2023–2024): Proposed multiple layout options and supported early-stage discussions with international operators.

Equestrian Stable (2024): Designed with a focus on functional traffic flow and stable usability.

Al-Dhikr Al-Hakim Endowment HQ (2024): Led volunteer redesign and supervised on-site renovations.

Education

Bachelor of Interior Design Engineering (Interior Architecture)

Jazan University, 2020 | GPA: 4.32 / 5.00

Certifications

ISO 9001 – Quality Management Systems | 2020

ISO 22301 – Business Continuity | SASO, 2020

ISO 31000 – Risk Management | SASO, 2020

PMP Introductory Certificate (35 Hours) | 2021

Green Buildings Fundamentals | 2022

Leadership Certificate – University of Michigan | 2023

Saudi Council of Engineers (SCE) – Member (2021–2028)

Skills

Architectural Design Tools: AutoCAD, Revit, SketchUp

Visualization: Conceptual sketching, spatial planning

Design Development: FF&E selection, client presentations

Technical Expertise: Saudi Building Code, ISO integration

Cross-Functional Coordination: Bridging product, design, and tech teams
