 Saudi Arabia

SUMMARY

As a finance graduate, I possess a solid academic foundation and practical expertise in financial analysis, reporting, and accounting systems. My education has prepared me for professional certifications and equipped me to apply financial concepts to real-world business and economic scenarios. Additionally, my specialized training in Banking Basics and Bank Currency Exchange has strengthened my practical understanding of the financial sector, enabling me to contribute effectively to diverse financial roles, optimize processes, and support strategic decision-making within organizations.
